

# KNOWLEDGE IS POWER

They Fear Those **With** Knowledge,  
And Control Those **Without** It.

Don't study **because** you need to.  
Study **because** knowledge **is** power.  
Study **because** they can never take it away **from** you.  
Study **because** you want **to** learn more.  
Study **because** it enhances you.  
Study **because** it grows you.

Knowledge **is** Power,  
But Only When You **Apply** It.

Today Knowledge **Has** Power.  
It Controls Access **To** Opportunity **And** Advancement.
